Newport Wallpaper

Newport is a bleached white wood effect wallpaper that is the perfect backdrop to any style or colour of furnishings. Imagine it in a room filled with natural daylight and adorned with prints or with a chic trestle table against it or how about use it to create a classic coastal look (without breaking the bank) throughout the home? Wood panelling creates an instant coastal vibe, like the humble beach shacks of Australia to the uber stylish residents of the Hamptons. It also has the advantage of making a small, dark room look both bigger and brighter; a real win win situation.
